

Chess Club

Chess

The MCDS Chess Club is going strong for a second year! It is open to first through twelfth graders, whether or not you have participated before. We hope to field a team of 4 (or more!) in State Scholastic competition in March. The Wisconsin Chess Academy, led by Alex Betaneli, will be doing the instruction. Mr. Betaneli is a National Master of chess and has been coaching at West High School since 1994. This class is open to beginners and to those with experience who wish to improve; you do NOT have to have participated in the first session to sign up for this one. Fees include cost of materials. To register, fill out the attached registration form, and turn it in with the fee to the LS front desk. A third session will start in late February.

Chess

For 1st through 12th graders

Minimum students: 10. Maximum: 30.
