The Winter Share is a good way to stock up on storage crops during the winter months. There will be Four Large boxes estimated at \$50/box delivered twice in November and twice in December just in time for the holidays. It will be a heavy box including storage crops such as potatoes, carrots, onions, garlic, winter squash, cabbage, beets, Brussels sprouts, rutabaga, turnip, sweet potato, celeriac, and diakon radish as well as cold hardy leafy greens like spinach, kale, and swiss chard. All produce is 100% Certified Organic and comes from either our farm or our neighboring Amish farms. We will also email newsletters to go with each box that will include recipes and storage tips. The cost is \$200 per share.

*Please indicate dropsite if known : _____
